Re: Investment Deposit Account, Sevier Dry Lake Project, Crystal Peak Minerals Corporation,  
M/027/008, Millard County, Utah

Dear Mr. Lopez:

Enclosed is a copy of the replacement surety posted by Crystal Peak Minerals Corporation, for their Sevier Dry Lake Project. We are providing you with this information according to our agreement regarding joint regulatory jurisdiction for this mine site. The surety is in the form of an Investment Deposit Account #23-4149566 issued by Texas Commerce Bank National Association for \$2,000 to cover the possible need for supplemental revegetation costs at the reclaimed mine site.

The Division presently holds a \$59,000 self-bonding contract which will be formally released after our Board accepts the amount and form of replacement surety for the project. We will present this new surety to our Board during the regularly scheduled Board Hearing on January 25, 1995.

The Division will hold the \$2,000 surety bond until revegetation standards have met the Division and BLM requirements. We will not release the surety without written concurrence from the BLM.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
